

MOBIUS **PRIVACY ASSISTANCE**

With the ever-increasing number of Data Protection and Privacy laws and regulations being enacted across the globe, organisation can often struggle to take meaningful steps in the right direction to implement and mature Privacy practices.

At Mobius, we understand each organisation has its own unique requirements and challenges and aim to provide practical and efficient solutions to improve your Privacy practices from a people, process and technology perspective to better align with compliance requirements.

Our Privacy Assistance Service offerings can help with defining, planning, and implementing your organisation's Privacy requirements, and performing independent assurance reviews of related programmes. We also supplement your internal team's delivery and execution, ensuring alignment with internal and external stakeholder requirements.

We can provide you with access to quality, skilled resources from a capacity as well as specialist capability perspective to meet your ever-changing Privacy objectives.

WHY MOBIUS

- We bring insights and expertise based on a breadth of experience across various clients and industries, taking into consideration global

applicable regulator feedback and updates.

- We can provide you access to specialist skillsets and expertise you may not be able to maintain in-house.
- We keep ahead of evolving regulations and industry practices, so you benefit from up-to-date insights and proven methodologies
- We follow a practical and simple approach to facilitate easy adoption by employees and align with client-specific needs

EXPERTISE
